

CALL FOR POSTERS

The California-Nevada Chapter of the Soil and Water Conservation Society is now accepting proposals for poster presentations at the 2009 Annual Conference scheduled for April 22-24 at Bass Lake, California.

Authors are encouraged to submit poster proposals that report the results of research and evaluation projects, and/or lessons learned from professional experience working with conservation and environmental management technologies, programs and policies.

Posters may address a wide variety topics related to soil and water conservation, including:

- Climate Change
- Working Landscapes
- Water Quality and Management
- Conserving Wildlife Habitat
- Soil Resources and Management
- Conservation in Urban Settings
- Conservation Education
- Adaptive Management of Conservation Efforts
- Conservation Tools and Technologies

Poster proposals should include:

- Poster Title
- Brief Description (200 words or less)
- Author name(s) and contact information

The deadline for poster proposals is April 1, 2009.

Please submit poster proposals to David Rose via email: david.rose@ca.usda.gov
or by mail to 132 N ENRIGHT AVE STE C / WILLOWS CA 95988
